I am Thankful for the greatest education and the outgoing teachers who teach so bravely and don't let us down.

Acorn is an escape from home, when I enter the school I can breathe freely. I am ready to learn with deep excitement.

Social Studies' is my favorite subject this year. Mr. Tunnell lives it and doesn't leave a detail out.

Ms. Lattin enjoys us asking questions and likes having a connection with her students.

Mr. Patrick cares about our health. He teaches P.E. creatively with his experience and specials skills. He is really fun.

Mrs. Cynthia is our awesome Principal who understands what students are going through and loves to watch us succeed in life. She encourages us to work hard. She also likes to play hard.

Field Trips are many and always educational. They are also fun. We earn the privilege by following our school rules.

This Thanksgiving is a time to be Thankful and cherish one another. The Acorn Family is always a safe haven.

Happy Thanksgiving-Peace Out  
Sarah, Shianne, Jaqueline.
