

Directions for Distance Learning week 4 – Preschool, Miss Tasha

Reading log – Included in your packet is a reading log for your child to print and complete. Similar to our previous reading logs, your child will color a cloud every time you or someone else reads to them. If you do not have a printer, simply take a blank piece of paper and have your child draw a cloud every time they are read to.

Caterpillar week – This week we will be concluding our nature/plants theme and getting ready to move into our space theme. As part of our last week of studying nature and plants we will take a closer look at caterpillars. Miss Tasha will be reading “The very hungry caterpillar” on Monday, April 6th on our Facebook group page, Miss Tasha’s Preschool. After the story, Miss Tasha will be posting daily videos of some fun caterpillar crafts that your child can follow along with. Included in your packet, is a printable “The very hungry caterpillar” hat, which will be one of the crafts that we do together on our class Facebook page.

Below are the links for the other crafts that we will be doing together throughout the week of April 6th – April 10th. You can take a look at each one and gather any materials that you may need for each one. If you do not have the needed materials, it’s ok, improvise! Use what you have around the house, be creative, have fun!

Hungry caterpillar counting book – Included in your packet is a hungry caterpillar number book that you can print out and complete with your child. The book incorporates fine motor, academic, and cognitive skills through tracing and counting. If you do not have a printer, try these other counting activities by clicking on the links below:
